PROVINCIAL SECRETARY.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 20th day of January, 1892.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

WHEREAS the Regulations governing the granting of yearly licences to cut timber on Dominion lands established by the Order in Council of the 11th November, 1881, as well as by the Order in Council of the 17th day of September, 1889, chapter 98 of the Consolidated Orders in Council of Canada, provide that the licensee shall have, in operation within one year from a date to be fixed in the license, and keep in operation for at least six months of each year of his holding, a saw-mill in connection with his berth capable of cutting daily at least one thousand feet

board measure of lumber for every two and a half square miles of the area licensed;

And whereas this provision was enacted in order to encourage by every means the establishment of mills for the convenience of settlers who were removed from railways and other means of supplying themselves with lumber, and at a time when timber berths were granted without competition, and the result has been the establishment of a very considerable number of mills, and every facility is now afforded for the purchase of manufactured lumber in almost every settlement in Manitoba, the North-West Territories, and within the railway belt in British Columbia,—

Therefore His Excellency, being of the opinion that the time has now arrived when a licensee should not be called upon to construct a mill unless the establishment thereof would supply a local need, is pleased to order, under the provisions of chapters 54 and 56 of the Revised Statutes, intituled respectively "The Dominion Lands Act," and "An Act respecting certain Public Lands in British Columbia," and by and with the advice of the Queen's Privy Council for Canada, that the Regulation which requires a licensee to have a saw-mill in operation upon his berth within a certain time, being sub-section (d) of section 2 of the Regulations approved by the Order in Council of the 11th November, 1881, as well as sub-section (f.) of section 2 of the Order in Council of the 17th September, 1889, chapter 98 of the Consolidated Orders in Council of Canada, shall be and the same is hereby amended so that in respect of all licenses hereafter granted, the licensee shall be required to construct a mill and commence the manufacture of lumber from the timber on the tract covered by his license, within one year from the date when he is notified by the proper officer of the Department of the Interior that the Minister of the Interior regards such a step necessary or expedient in the public interest.

JOHN J. MCGEE,
Clerk, Privy Council.
